Guillaume Delvigne is one of the 6 Talents à la Carte to be discovered at Maison & Objet 2011 in Hall 7 from next 21st to 25th January. Among the projects presented, there is a preview of the brand new Arsène range designed with the architect Vincent Eschalièr for Belenus Limited, a company in Hong Kong specialising in the mass distribution of furniture and decoration. Symbolic of the pursuit for new archetypes between minimalism and comfort, the Arsène range of lacquered monochrome wood tables and chairs in kit format is destined for mass-production and requires a distributor.
